

Technology Feast at Dhirajlal Gandhi College of Technology, Salem

DGCT organized 5th Open House Exhibition on "Science and Technology" to commemorate the occasion of Engineers' day on 31st Aug & 1st Sept 2017. This event provided a platform for the students to exhibit their innovative ideas through projects and models presentations. More than 1000 students from all the departments enthusiastically participated and presented 300 projects and models to depict the advancements of science and technology by finding solutions to challenging problems.

On this Occasion, Er.SR.Saravanan, Honorary Secretary - IEI Salem Local Chapter, Mr.Vijayabanu, Founder PVS Construction, Chennai, Ms.G.Vineelavasan, Founder & CEO-The Tech Scribes, Chennai, Mr.T.Gopinath, Head - Installation & Training, NIRT Renewable Energy (P) Ltd., Salem, Ms.Vishnu Priya, Sr.Manager - NEN, Chennai and Mr.M.Anbazhagan, Correspondent - GV Higher Secondary School were Guests of Honour.

Among the varieties of exhibits, Car Raedam the smart sensor parking system, E-NOVA the garbage management system, Obstacles Alerting System for Blinds, Smart Shoes, Solar Tree, Easy Steps, Musical Fountain, Lifi technology, Drones in Medical field, Automatic Maatalous using Cloud Connectivity, Automation of Home appliances through voice, Generating Current from Plant E-Technique ,Biogas production, Safety Rollers in Highway, Recycling of Waste Water from solid waste gave a great visual treat of the concepts related to environment, technology and science.

Prof. Dhirajlal A. Gandhi, Chairman, Mr.D.Manojkumar, Vice Chairman, Mrs. Archana Manojkumar, Secretary and Dr.V.Muralibhaskaran, Principal congratulated the participants for enthusiastically presenting and implementing their ideas in the form of projects.

More than 1500 students from different schools in and around Salem visited the exhibition and got benefitted. Among the various projects displayed in the exhibition, few of them would be implemented by the management in the college campus in the near future and promote research and development. The students assured that, the effective futuristic ideas evolved from their mind would be made realistic in the quick span of time.

Dr.R.Manikandan, AP/EEE & Dr.V.Ravikumar Senior AP/MECH coordinated the event successfully. More than 1500 students, teachers and parents visited the exhibition.
